

YOUR WOUND CARE COMPANION

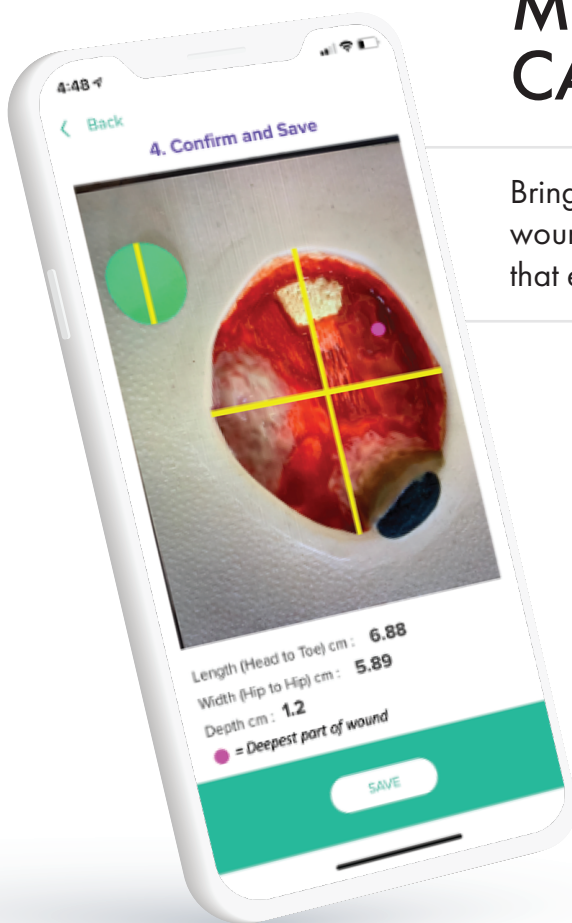

Improve patient wound care outcomes through a configurable, guided wound care experience with Archangel.

BETTER OUTCOMES—**DELIVERED**

MAKING YOUR WOUND CARE PRACTICE BETTER

Bring together everything that's required to run a great wound care practice with a mobile and desktop platform that empowers higher levels of wound care performance.

EASY, FAST & ACCURATE

- Smooth & intuitive design
- Eliminate wasted time to document
- Ensure precise wound measurements

CONFIGURABLE

- Tailor your wound workflow
- Build a custom formulary
- Define dashboards & reports

INTEGRATED

- Connect with built-in telemedicine
- Order, track, and bill supplies
- Integrate to your EHR systems

GENERATING POSITIVE OUTCOMES FOR PATIENTS & YOUR BUSINESS

Archangel is powerful and easy to use with tools to help you manage overhead costs and improve patient heal time and satisfaction.

IMPROVE QUALITY

- Standardized wound documentation
- Capture more data in less time with fewer defects
- Custom care plans for each patient means better care and improved heal times.
- Gain improved regulatory compliance

MANAGE COSTS

- Manage down labor and supply costs by optimizing visit and dressing change frequency
- Use affordable advanced wound dressing protocols ordered efficiently through the Archangel platform

SATISFY PATIENT & FAMILY

- Patient Family Portal enables patients and families to be involved and encouraged by their wound healing progress
- Drive better adherence to care plans, improved healing and quality of life

GROW REVENUE

- Archangel gives you the tools and confidence to expand your practice
- Take on more wound care cases
- See improvements in patient and payor mix and increase reimbursement per case

A FULL-SERVICE WOUND CARE SOLUTION—DELIVERED

Archangel is more than just a software platform. Our aim is to build a relationship with you and deploy the Archangel solution in a way that transforms your wound care practice.

LOW COST / HIGH ROI

- Less expensive than comparable platforms
- No additional costs for telemedicine
- Save with built-in product and ordering and billing feature

EASY TO IMPLEMENT

- Onboarding and training is easy and FREE
- Live support
- Expansive online help knowledge base

WOUND CARE KNOWLEDGE

- Access to board-certified wound care clinicians through our telemedicine feature
- 25+ years of experience in wound product distribution and billing
