

Span Surfaces for Recessed Deck Beds

Specialty models to accommodate the unique challenges of recessed deck beds.

Featuring Span's proprietary Safety Edge™ two-piece bolster system, adapted to overcome the design restrictions inherent in recessed decks.

Inner bolster "cradle" deflects when patient sits on or moves toward edge of bed . . .

Compressible section to accommodate multiple lengths and foot positions

. . . which helps direct patient's center of gravity safely back toward center of bed.

Choose from among these leading Span surfaces

PressureGuard® Easy Air® LR:
Microclimate management, alternating pressure and lateral rotation (Item # L85VLR-29 – see page 5)
